### **IN MEMORIAM**

It isn't often that a group loses an active member. People retire and gradually exit from public life, only after this do they make their final departure from among us. This was not the case for one of our cherished members in Schola Nova. This past fall we lost an active, vibrant musician from our group, very suddenly and unexpectedly on 9 November. Mike McAnulty began rehearsing with us this fall, and he fully expected to participate in this, as well as our other concerts scheduled for the season. But this was not to be. He missed a rehearsal unexpectedly, then his wife, Laurie, called to let us know he would probably not be returning. He died just over a week after this conversation. We plan to dedicate our spring concerts to his memory, but want to acknowledge his recent passing. His name has been left on the program as he had already learned most of the music for this concert. It is our way of paying tribute to a valuable member, and someone we all miss very deeply. While he is not visibly standing with us today, we know and believe that he is indeed present among us.
